## **BACKGROUND:**

The registrant, Arch Chemicals, Inc. has submitted Confidential Statements of Formula, for the basic and alternate formulations to support the registration for the product **AW13**. The registrant indicated that in the proposed new alternate formulation they would like to use a different [REDACTED]. The Product Chemistry Reviewer has received the following documents:

- Confidential Statement of Formula, dated 09/01/2010, for the basic formulation. (Reference)
- Confidential Statements of Formula (CSFs), dated 06/06/14, for the basic and alternate "A" formulation.
- Letter, dated 05/06/14.

## **FINDINGS:**

1. The CSFs, dated 06/06/14, for the basic and alternate "A" formulation is revised.
2. The CSF and the label have the same nominal
3. The certified limits listed in 40 CFR meet the EPA standard certified limits.
